

Important information about water services in your area

Letter Reference: 2.4_C340_20210412_Road Closure_Resident_Notification

12 April 2021

Dear Resident,

Re: Notification of road closure – The Hill (R124), Malahide

Irish Water, working in partnership with Fingal County Council, is carrying out a major water main project in Malahide. John Cradock Ltd is working on behalf of Irish Water to deliver this project.

Irish Water would like to inform you that a temporary road closure is required from along the Hill (R124) from the junction of Back Road to Chapel Road to facilitate installation of a watermain.

The road closure extends from **08:00 on Monday 19 April 2021 to 20:00 on Saturday 01 May 2021**. The alternative routes available for vehicular traffic are as summarised below and presented in the plans overleaf:

- Phase 01 & 02 – R124 / The Hill between Back Road and Chapel Road at Malahide - 19 April 2021 - 01 May 2021.
- Northbound traffic diverted at the junction of Chapel Road and the R124. Traffic will be diverted via Chapel Road, R107 / Malahide Road and Back Road.
- Southbound traffic diverted at the junction of Back Road and the R124. Traffic will be diverted via Back Road, R107 / Malahide Road and Chapel Road.
- Local access will be maintained at all times.
- Local access to Seamount Road will be maintained from the north only during Phase 01 works from **08:00 on Monday 19 April 2021 to 08:00 on Monday 26 April 2021**.
- Local access to Seamount Road will be maintained from the south only during Phase 02 works from **08:00 on Monday 26 April 2021 to 20:00 on Saturday 01 May 2021**.

We apologise for any inconvenience this necessary work causes. For further information regarding the works please contact the project team on **086 817 0421**.

Yours faithfully,

William McKnight
Regional Delivery Lead

About this project

- This project represents an investment of €21.7 million by Irish Water.
- As part of this project, new water mains will be constructed to improve the reliability and security of the water supply and safeguard the water supply to these areas.
